

15 NOV 1979

DAMI-ISH

Honorable Charles Rose
House of Representatives
Washington, DC 20515

Dear Mr. Rose:

Regarding our previous request to you to act as a lay member on the Army Surgeon General GRILL FLAME Human Use Committee, we now understand from the Committee chairman that a non-DOD lay person is not in fact a requirement. Therefore, our impingement on your extremely limited time is no longer necessary. We are most appreciative of your willingness to have served in this capacity had it been necessary.

Your interest and commitment to this project are considered vital, and it is hoped that your continued support can be counted upon. At your convenience my office will gladly update you on Army's efforts, including results of the Surgeon General committee's deliberations on the protocol put before it.

Sincerely,

SIGNED

NORMAN S. WELLS
Colonel, GS
Director of Intelligence
Systems
